

RENUKA K

Junior Full Stack Developer

✉ renukaprasanna425@gmail.com ☎ +91-9514242834 📍 Chennai 🌐 <https://github.com/renuprasanna525/vettri>

Summary

Passionate and detail-oriented **Junior Full Stack Developer** with practical experience in developing responsive web applications using **Python, Django, React, HTML, CSS, JavaScript, Bootstrap, and MySQL**. Skilled in building scalable backend systems, integrating REST APIs, and developing user-friendly interfaces. Adept at problem-solving, clean coding practices, and eager to contribute to innovative software development teams while continuously expanding technical expertise.

Experience

Vetri IT Systems Pvt. Ltd.

Tenkasi

Intern - Full Stack Developer

Feb 202 – Jun 2026

Responsibilities:

- Developed responsive full-stack web applications using Python, Django, HTML, CSS, JavaScript, Bootstrap, and MySQL.
- Designed reusable frontend components and backend modules to improve application maintainability.
- Integrated REST APIs for seamless communication between frontend and backend systems.
- Participated in debugging, testing, deployment, and feature enhancement activities.
- Collaborated with development teams following Agile methodologies to deliver high-quality software solutions.

Projects

Pet Palooza – Pet Care & Adoption Platform

Technologies: HTML, CSS, Bootstrap, JavaScript, Django

- Developed a comprehensive pet care and adoption platform.
- Implemented pet breed browsing, adoption listings, veterinary appointment scheduling, and pet care guidance.
- Built an intuitive and responsive UI with dynamic content management using Django Admin.
- Focused on delivering an engaging experience for pet owners.

Tourist Guide Website

Technologies: HTML, CSS, Bootstrap, JavaScript

- Designed a tourism platform enabling users to explore destinations and travel packages.

- Developed destination galleries, enquiry forms, travel information pages, and attraction listings.
- Created a responsive website optimized across devices.

Invoice Management System

Technologies: React, HTML, CSS, JavaScript

- Developed a web-based invoice management application.
- Implemented customer management, invoice generation, billing history, payment tracking, and downloadable invoice reports.
- Built a clean dashboard to streamline invoice processing.

Vetri Finance Tracker

Technologies: Django, HTML, CSS, JavaScript, MySQL

- Developed a personal finance management application using Django.
- Enabled users to manage income, expenses, savings, and monthly budgets.
- Implemented dashboards with financial insights, transaction history, and graphical reports.
- Improved financial planning through visual analytics.
